

Composing a Paper for Microscopy and Microanalysis 2004

I.M. Anderson,* R.L. Price,** E.L. Hall,*** and E. Clark****

* Metals and Ceramics Division, Oak Ridge National Laboratory, PO Box 2008, Oak Ridge, TN 37831-6064

** Department of Developmental Biology and Anatomy, University of South Carolina School of Medicine, Columbia, SC 29209

*** General Electric Corporate Research and Development, Niskayuna, NY 12309

**** Westinghouse Savannah River Company, Savannah River Site, Aiken, SC 29808

Page one must be comprised of text only. Page two may be comprised of text, figures, and tables. *Please note that all line drawings, figures, and tables must be electronically inserted into the paper*, as shown in Fig. 1. Be sure to include figure labels and scale markers. Color figures may be used this year, and will be reproduced as such in the electronic proceedings distributed on CD-ROM; however, in the hard copy companion, comprised of selected papers only, these figures will be reproduced as grayscale images.

References may be included on page one or two, with the appropriate reference styles for M&M proceedings papers [1], journal articles [2], and books [3]. Acknowledgments are traditionally included in the last reference, which is cited at the end of the last sentence of the text of the paper [4].

TABLE 1. Reference styles demonstrated in this template (see Refs. 1-4).

Reference #	Reference Type
[1]	M&M proceedings paper
[2]	Journal publication
[3]	Book
[4]	Acknowledgment †

† Acknowledgment is traditionally the last reference of an M&M proceedings paper.

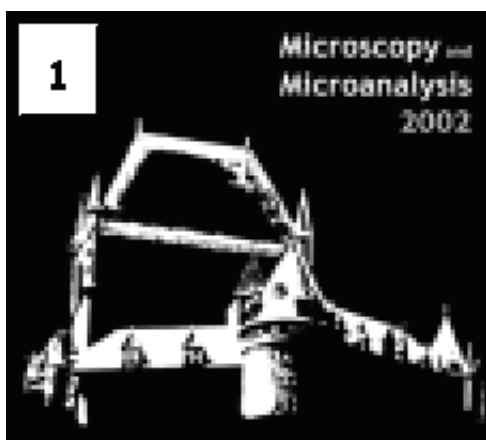

FIG. 1. Sample figure for M&M 2004 proceedings paper: the logo from M&M 2002. Note that all figures, line drawings and tables must be electronically inserted into the text. Please include figure labels and scale markers as necessary.

FIG. 2. Second sample figure for proceedings paper: the M&M 2004 logo. Note that figures will be reproduced in full color on the CD-ROM, but as grayscale images in the hardbound volume.
